1 Publisher and scope

E.G. van Zeeland, trading as StrataKernel (stratakernel.nl), publishes 3D Christmas Tree. This notice covers version 1.2 build 41 for iPhone, iPad and Mac, its documentation and included content. The accompanying Privacy Policy explains local storage, optional downloads and sharing.

2 App Store licence

Apple’s Standard End User License Agreement applies to an App Store edition unless a separate custom licence is supplied. This notice supplements the applicable licence. The licence governs use of the App. Mandatory consumer rights continue to apply.

3 Card images and downloadable backgrounds

The App includes eight portrait card designs. They were created for StrataKernel with AI-assisted image generation. The downloadable demo collection contains 11 separate landscape backgrounds generated for StrataKernel Software using OpenAI image-generation technology. The collection carries the notice © 2026 StrataKernel Software and includes individual image credits.

The images are artistic interpretations. A depiction of a place or building implies no affiliation with or endorsement by its owners or operators. StrataKernel reserves rights in its protectable contributions, such as original design, selection and arrangement, where applicable. AI-generated material can be similar to other outputs, and copyright protection depends on applicable law.

4 Poetic Christmas messages

The 16 greeting presets and their versions in 12 languages were prepared for 3D Christmas Tree with AI-assisted writing and translation. © 2026 StrataKernel for original selection, editing and arrangement to the extent protected by law. You can choose, adapt or replace a preset. Rights in your own text remain with you or the relevant rights holder.

5 Included Christmas music

The seven music-box instrumentals are ButtonBass performances from its Christmas Soundboard. They are O Christmas Tree, Carol of the Bells, Joy to the World, Silent Night, We Wish You a Merry Christmas, Deck the Halls and Jingle Bells. The App includes AAC conversions of the source WAV files.

ButtonBass released its recordings under CC0 1.0 Universal, which permits copying, editing and sharing the recordings, including in commercial uses and exported movie cards, without mandatory attribution. CC0 applies

to the rights ButtonBass controls in those recordings. Rights in separate lyrics, other performances and modern arrangements may differ. The bundled Carol of the Bells is instrumental.

6 Creating and sharing your cards

You may use the supplied card artwork, downloadable backgrounds and greeting presets in cards you create with the App. StrataKernel permits you to save, print and share those finished cards, including images and movies, for personal or business greetings, to the extent StrataKernel controls the relevant rights. Separate distribution of the original artwork, background ZIP or message library requires its own permission or another lawful basis. The ButtonBass CC0 permissions apply independently.

Use photographs, text or other material you own or have permission to share. Rights remain with their respective owners. Respect the rights and privacy of people shown or named in your cards.

7 Copyright fonts and marks

Copyright © 2026 E.G. van Zeeland, trading as StrataKernel. All rights reserved in the original software, interface, 3D models, documentation and branding to the extent protected by law. The relevant licence, permission or legal exception governs copying, modification, redistribution and reverse engineering.

The bundled Lora, Nunito, Dancing Script and Lobster Two fonts are distributed under the SIL Open Font License 1.1. The App includes the original copyright and licence notices. The font licence governs the font software and leaves your card text and images under their own terms.

Apple, iPhone, iPad, Mac, iOS, iPadOS, macOS and App Store names and marks belong to Apple Inc. Apple system technologies and other third-party material remain subject to their respective terms. References to third parties describe compatibility or identify sources.

8 Compatibility and availability

Version 1.2 build 41 targets iOS and iPadOS 18 or later and macOS 15 or later. The App exports still PNG and MP4 movie cards. The receiving app or device determines whether a movie plays inline, repeats or starts muted. StrataKernel cannot guarantee delivery or playback through external services. Preview your card before sharing it.

9 Liability and consumer rights

Statutory guarantees, remedies and liabilities that cannot lawfully be limited apply in full. To the extent permitted by law, the publisher is not responsible for indirect or consequential loss from relying on the App beyond its creative and greeting-card purpose.

10 Changes and contact

This notice may change when features, content, licensing or legal requirements change. Current documents are available through the App’s support links at stratakernel.nl. Send questions about the App, copyright or this notice to support@stratakernel.nl.
